
RITE NOW @ ROP

As tradition would have it, Silver Oak Academy ushered in the Dr. Martin Luther King, Jr. Holiday with style, pizzazz and some flair. This year Silver Oak Academy's student government association invited 12 different speakers, Christian rappers, organizations and singers to the campus to honor Dr. King.

The message was loud and clear to students, staff and the community; the dream that Dr. King had was for us all to live in harmony and peace.

The students, faculty members, community members all put their differences aside in honoring Dr. King's message. Congratulations to staff, student-athletes and the Carroll County Community for doing a fantastic job bringing in the holiday!
